Now, I'd like you to talk about something together for about two minutes.

Here are some ideas for you to talk about and a question for you to discuss. First you have some time to look at the task.

Now. I'd like you to talk about what social problems have an impact on young people

How difficult can it be to deal with these problematic issues that can affect young people in our society?

- Bullying
- Noise in public places
- Under-age drinking
- Graffiti
- Violence

Use the following questions, in order, as appropriate:

- What social issues concern you the most?
- Some people say that society is losing its morality. What do you think?
- What age groups tend to be involved in criminal activity?
- What was your neighbourhood like when you were growing up?
- Have you had a lot of experience with crime and social issues?
