Now, I'd like you to talk about something together for about two minutes.

Here are some ideas for you to talk about and a question for you to discuss. First you have some time to look at the task.

Now, I'd like you to talk about why people want to master a foreign language.

Why would you be motivated to learn a foreign language?

- Employment opportunities
- Travel
- Enjoyment
- Meet new people
- Education (grants and scholarships)

Use the following questions, in order, as appropriate:

- What encouraged you to start learning languages?
- Some people call English the international language. Why is that?
- Which is the most important language to learn?
- What will be the most important language in the future?
- What is the easiest way to learn a language?
