Now, I'd like you to talk about something together for about two minutes.

Here are some ideas for you to talk about and a question for you to discuss. First you have some time to look at the task.

Now, I'd like you to **talk about what issues are important for tourists to consider**

*When people travel they have various different options on offer. How important is it for tourists to do these things before they set off on a journey?*

- Learn a little of the local language
- Arrange transport and accommodation
- Book activities
- Buy a guidebook
- Learn the history of the place

*Use the following questions, in order, as appropriate:*

- What types of tourism are popular in your country?
- Are tourists usually respectful towards locals in your experience?
- Some people are really against mass tourism. Why is that?
- How can tourism be harmful to the environment?
- Would you ever like to work in the tourist industry?
