Now, I'd like you to talk about something together for about two minutes.

Here are some ideas for you to talk about and a question for you to discuss. First you have some time to look at the task.

Now, I'd like you to talk about what problems can arise from participating in sport and physical activity

Physical activity can be a great thing, both mentally and physically. But can it ever turn into something negative?

- Addiction
- Injury
- Loneliness
- Time consuming
- Costs

Use the following questions, in order, as appropriate:
- Is addiction to sport common?
- Some people say that being too competitive is a bad thing, what do you think?
- What can be learned from taking part in team sports?
- Would you rather do sport alone or with others?
- What is the greatest sporting achievement of your life?
