Now, I'd like you to talk about something together for about two minutes.

I'd like you to imagine that you are talking about **issues in cities**. Here are some of the ideas they are thinking about and a question for you to discuss. First you have some time to look at the task.

Which potential dangers should people living in cities be aware of?

- Pollution
- Petty Crime
- Over-crowding
- Unemployment
- Car accidents

Now, talk to each other about **why these things might be problematic for citizens**.

.....

Thank you. Now you have about a minute to decide **which poses the greatest danger to society**.

.....

Thank you.

Discuss the following questions, in order, as appropriate:

- What is the most serious crime a person can commit?
- How can we prevent crime?
- What types of people commit most crimes?
- How can we reduce car accidents?
- What role do environmental issues have in our lives?
