Now, I'd like you to talk about something together for about two minutes.

Id like you to imagine that you are talking about **equality**. Here are some of the ideas they are thinking about and a question for you to discuss. First you have some time to look at the task.

Which jobs are most valued in our society and why?

- footballer
- musician
- teacher
- doctor
- engineer

Now, talk to each other about **why some professions are more valued than others**.

.....

Thank you. Now you have about a minute to decide **which should be valued more than it is**.

.....

Thank you.

Discuss the following questions, in order, as appropriate:

- What types of jobs deserve a high salary?
- Why do some professions like politicians earn more than they deserve?
- Is it worth getting a degree nowadays?
- What would your ideal job be?
- What job would you least like and why?
