B2 FIRST:
COLLABORATIVE TASK 4

Now, I'd like you to talk about something together for about two minutes.

I'd like you to imagine that you are talking about **Zoos**. Here are some of the ideas they are thinking about and a question for you to discuss. First you have some time to look at the task.

What are the advantages and disadvantages of keeping animals in zoos?

- protect endangered species
- help animals to reproduce
- learn about animal behaviour
- entertainment
- take animals out of their natural habitat

Now, talk to each other about **how keeping animals in a zoo can be a good or a bad thing**.

.....

Thank you. Now you have about a minute to decide **which are the two worst reasons for having zoos**.

.....

Thank you.

Now, discuss these questions, in order, as appropriate:

- Is it a good idea to still have zoos nowadays?
- Some people say you can learn more from books and documentaries than from zoos, do you agree?
- How can zoos teach us about wildlife?
- Why are so many people against visiting the zoo?
- How have zoos changed over the last 100 years?
