B1 OPEN CLOZE:
EXTREME SPORTS

READING PART 6: OPEN CLOZE GAPS FILL. FILL IN THE GAPS WITH ONE WORD

Bungee Jumping (Unit 2)

Extreme sports are thriving _____ the moment, especially for teenagers between the ages _____ 15 and 25. One of the most popular of these extreme sports is bungee jumping, or as it is _____ written, bungy jumping. Its first appearance on record was on a small pacific island named Venualu. This out of this world activity involves jumping from a great height with _____ elastic cord tied to one's ankles. What you might find surprising is the fact that it is relatively safe and there is suspected to be only 1 fatality in every 500,000 jumps. This unbelievable safety record is due _____ the rigorous safety standards that operators rigorously conform to. The popularity of this sport is owed to its simplicity and thrill factor, as it is after all, an extreme sport. So, if you are thinking of giving bungee jumping a try, go through a professional organisation rather _____ an amateur.
