B1 OPEN CLOZE:
SANDWICHES

READING PART 6: OPEN CLOZE GAPS FILL. FILL IN THE GAPS WITH ONE WORD

Sandwiches

The sandwich is one of the _____ (1) popular ways of preparing a light meal _____ (2) snack. Its simplicity is the key, basically you need to put _____ (3) type of food stuff between two slices of bread and you are done. It is easy to transport and does not require cutlery or a lot of preparation. Its invention _____ (4) been attributed to the Earl of Sandwich in the 18th century, but this is without a doubt, debatable to say the least as sandwiches have their equivalent _____ (5) over the world, including the taco and burritos. What is clear is the popularity of this special way of preparing food. Sandwiches are eaten by just about every human on this planet and look as though they are here to stay. Their popularity is only being increased _____ (6) large chains, such as Subway, that offer high quality ingredients at a reasonable price with the purpose of offering a healthy fast-food alternative.

Answers:

Sandwiches

The sandwich is one of the **most** popular ways of preparing a light meal **or** snack. Its simplicity is the key, basically you need to put **any** type of food stuff between two slices of bread and you are done. It is easy to transport and does not require cutlery or a lot of preparation. Its invention **has** been attributed to the Earl of Sandwich in the 18th century, but this is without a doubt, debatable to say the least as sandwiches have their equivalent **all** over the world, including the taco and burritos. What is clear is the popularity of this special way of preparing food. Sandwiches are eaten by just about every human on this planet and look as though they are here to stay. Their popularity is only being increased **by** large chains, such as Subway, that offer high quality ingredients at a reasonable price with the purpose of offering a healthy fast-food alternative.
