B1 READING (PART 5):
TRANSPORT

For each question, choose the correct answer (A-D):

Transport

Many _____ (1) of transportation have revolutionized our lives. Just take a look at how we got around before the invention of the motor car; _____ (2) journey was slow and meandering.

Private transport may be expensive and it _____ (3) contaminates our planet. However, it would be hard to imagine a world without cars or motorbikes. Let's be honest, not all of us can _____ (4) a private plane although I am sure that everyone wants one.

Public transport is not _____ (5) with everyone, but it is difficult to argue that it does not contribute to conserving the environment. It can be uncomfortable and even smelly at times, but it is an _____ (6) necessity in large cities.
