B2 PERSONALITIES

AS WE KNOW, EVERYONE HAS THEIR OWN PERSONALITY AND THAT IS WHAT MAKES THE WORLD SUCH AN INTERESTING PLACE. SOME PEOPLE ARE SHY WHEREAS OTHERS ARE OUTGOING. DISCUSS THESE QUESTIONS ABOUT PERSONALITY WITH A PARTNER:

1. Would you consider yourself to be introvert or extrovert?
2. Do you usually get on with people with a similar personality to you?
3. Have you got any friends, who are completely different to you, personality wise?
4. Is it important to have a similar personality and similar opinions to someone to be able to form a good relationship with them?
5. Are there any types of personalities that you really hate?
6. What kind of personality traits do you have that you really like?
7. Is there anything about your personality that you dislike?
8. Does a person´s personality affect the personalities of people around them?
9. With regards to relationships, would you agree with the opinion that “opposites attract”?
10. Who do you think has had the biggest influence on you and your personality?
11. Who do you most look up to because of their personality?
12. Does your birth order (1st, 2nd or 3rd child) have an influence on the type of personality you have?
13. Would you say that people are born with their personalities or is is something that develops over time?
14. Can people change their personality and the way they are?
15. Which is more attractive in a person, their personality or physical appearance?
