C1 ANIMAL RIGHTS AND
CONSERVATION

This is somewhat of a controversial topic and people do not tend to agree in many cases. Discuss these questions with an open mind and try to [AGREE AND DISAGREE](#) in various ways.

For instance: *Is it necessary to eat meat nowadays?*

Many people will argue that yes, yet many studies suggest that we originated as herbivores/vegetarians and only later started eating meat. What is your opinion on that?

1. Which animals are at threat in your country?
2. What ways can everyday people help to protect endangered species?
3. What are the pros and cons of zoos in the conservation of animal species?
4. Do you think it is a good idea to donate money to special causes related to animal conservation?
5. It has been well documented that bees could die out as a species in the coming decades, what possible implications could this have on the environment?
6. Are you pro or anti hunting?
7. Ought people to boycott the purchase of animal products, such as fur and ivory?
8. Is it ever right to keep wild animals in captivity?
9. How far do you agree with the opinion that humans are responsible for destroying the habitats of many different species?
10. Do you judge people who have a negative attitude towards animals?
11. What is your opinion of animals testing for medical research?
12. Have you ever been to a zoo? If yes, what types of feelings did your experience there provoke?
13. Why can it be beneficial to sacrifice time and resources to raise a pet?
14. Can animals be effective in aiding people to overcome loneliness or illness?
15. What is your opinion of how organisations such as the RSPCA are run?
