4. Which might be the most challenging sport to take up and master as an adult?
5. What and who has had the biggest influence on your participation in sport?
6. Is it important to provide public funding for the promotion of physical activity?
7. If you could ban or get rid of any sport from our society, which would it be?
8. Is it fair that some professional athletes earn millions whereas others earn a pittance, just because of their choice of sport or gender?
