

Now, I'd like you to talk about something together for about two minutes.

I'd like you to imagine that you are talking about **free time with the family**. Here are some of the ideas you might be thinking about and a question for you to discuss. First you have some time to look at the task.

Why might people enjoy doing these things with their family at the weekends?

- go to the cinema
- do sport
- go on a day trip
- visit a museum
- spend time in the countryside

Now, talk to each other about **the things you might do with your family on weekends**.

.....

Thank you. Now you have about a minute to decide **which would be the best two things to do with your family**.

.....

Thank you.

Now, discuss these questions, in order, as appropriate:

1. Do you spend a lot of time with your family on weekends?
2. Some people say that you can spend too much time with their family. What do you think?
3. What is the best thing you can do with your family?
4. Have you ever spent a long time without seeing your family?
5. When was the last time you did something really interesting with your family?
