

EXAMPLE 28

Now, I'd like you to talk about something together for about two minutes.

I'd like you to imagine that you are talking about **vacations**. Here are some of the ideas you could be thinking about and a question for you to discuss. First you have some time to look at the task.

What might it be a good idea to plan a trip in advance?

- cheap flights
- accommodation
- trips and excursions
- avoiding problems
- eating arrangements

Now, talk to each other about **the advantages and disadvantages of planning a trip in advance**.

.....

Thank you. Now you have about a minute to decide **which is the best reason to plan a trip in advance**.

.....

Thank you.

Now, discuss these questions, in order, as appropriate:

- Do you normally plan a trip before you go or just improvise when you are there?
- Some people always go to the same places because they feel more comfortable, what do you think about that?
- Is it a good idea to book a hotel a long time before you go on vacation?
- It is said that you can only enjoy a trip in a country where you can speak the language. Do you agree?
- Which is more enjoyable, going abroad or staying in (your country)?
