

**USE OF ENGLISH: OPEN CLOZE**

**Optimise your study time**

Most students, and teachers for that matter, are always looking \_\_\_\_\_ (1) the best way to use their study time \_\_\_\_\_ (2) effectively. What everyone ought \_\_\_\_\_ (3) remember is that \_\_\_\_\_ (4) best way is through organisation. It doesn't matter \_\_\_\_\_ (5) you have plenty of time available. If you do \_\_\_\_\_ (6) stick to a fixed study timetable, you will lack the necessary preparation \_\_\_\_\_ (7) any kind of exam. Regular study times also help people to focus on what is important. You can make sure you cover all the subject matter and topics that will be needed to pass by splitting them up into bitesize chunks as it is \_\_\_\_\_ (8) better to study little and often than in long study sessions. So, it is a simple answer to a simple question; organisation is the key!

## Optimise your study time

Most students, and teachers for that matter, are always looking **for** the best way to use their study time **more** effectively. What everyone ought **to** remember is that **the** best way is through organisation. It doesn't matter **if** you have plenty of time available. If you do **not** stick to a fixed study timetable, you will lack the necessary preparation **for** any kind of exam. Regular study times also help people to focus on what is important. You can make sure you cover all the subject matter and topics that will be needed to pass by splitting them up into bitesize chunks as it is **much** better to study little and often than in long study sessions. So, it is a simple answer to a simple question; organisation is the key!
