

**USE OF ENGLISH: OPEN CLOZE**

**Retirement**

Your career \_\_\_\_\_ (1) often feel like \_\_\_\_\_ (2) long drawn out battle of attrition in \_\_\_\_\_ (3) you work your guts out for 40-50 years in order to experience a few fading years of retirement when your body is already worn \_\_\_\_\_ (4) and spent. This defies \_\_\_\_\_ (5) means of reason and I would say that overworking is one of the epidemics of \_\_\_\_\_ (6) generation. There really is no need to slog \_\_\_\_\_ (7) and work like a dog your whole life in order to make someone \_\_\_\_\_ (8) rich. Think about it! Don't you feel resentment now?

## Retirement

Your career **can** often feel like **a** long drawn out battle of attrition in **which** you work your guts out for 40-50 years in order to experience a few fading years of retirement when your body is already worn **out** and spent. This defies **all** means of reason and I would say that overworking is one of the epidemics of **our** generation. There really is no need to slog **on** and work like a dog your whole life in order to make someone **else** rich. Think about it! Don't you feel resentment now?
